As we are painfully aware, our city has been devastated by Hurricane Sandy. Members of the New York City Police Department Columbia Association as well as other First Responders worked fearlessly to minimize the loss of lives and comfort those whom we serve daily. We must not forget that many members of our Association and our Brother and Sisters of the New York City Police Department who worked feverishly to help others were also personally hit with tragedies to their families and their loved ones. I can't imagine what it would be like to lose basic necessities such as food, shelter, clothing along with family photos and all personal memories. This indeed is a time of trial.

Over 1,500 Police Officers and their families were displaced by Hurricane Sandy, with many of them putting their own needs on hold to help others. The New York City Police Department Columbia Association is a non for profit organization 501(c) (3) and is asking for your help in pledging a donation to help our members recover and rebuild their dreams.

May God Bless.

Mr. John DelGaudio
Director of Public Relations
